The A.T. Guide 2018 TRAIL Updates

// Return here often to find updates and the latest information about the Appalachian Trail //

New Nahmakanta Stream Lean-To

NOBO MILE: 2146.9

SOBO MILE: 44

The Nahmakanta Stream tent site now has a beautiful new Lean-To constructed October 14, 2017. There is still tenting, a privy, and the stream is the water source.

New "Taj Mahal" Privy & Bear Box at Alec Kennedy Shelter

NOBO MILE: 1118.8

SOBO MILE: 1072.1

Hikers now have a beautiful new "Taj Mahal" privy to look forward to at Alec Kennedy Shelter. Built late fall 2017. Also, there's a very nice metal bear box. We think this was probably the work of the awesome volunteers of the Cumberland Valley Appalachian Trail Club. Be sure to show your appreciation. <http://www.cvatclub.org/>

SoBo Ascent from US 19E to Doll Flats

NOBO MILE: 394.8

SOBO MILE: 1796.1

We made a typo during a data update which caused the section of elevation profile in Tennessee between US 19E & Doll Flats to compress. The elevation profile is correct, but the net 1705 ft ascent spans 3 miles not 0.7 miles. This typo is confined to this section of trail and did not effect the rest of the profile.

Swapped Mile Markers

NOBO MILE: 139.5

SOBO MILE: 2051.4

2051.4 Should be Grassy Gap Trail

Swapped Mile Markers

NOBO MILE: 139.2

SOBO MILE: 2051.7

2051.7 Should be Wade Sutton Memorial
